The Department of Fair Employment and Housing (DFEH) shall track all mediated cases, including those that are not successfully resolved and require subsequent investigation, so as to provide the necessary data to evaluate the efficiencies gained by mediation. The DFEH shall report to the Director of Finance and the Joint Legislative Budget Committee by March 30, 2007, on the status of the program, the number of cases mediated, mediation outcomes (such as cases resolved, length of time to resolve), and the cost of successful and unsuccessful mediations.
